Distinctive telescoping trapezoid design adds depth and visual interest.

Laminate End Panel with Metal Base. Landmark Laminate & White Paint.

Designed to move with you

Engineered to move as beautifully as it looks, Calibrate Height-Adjustable Tables with the Calibrate Telescoping End Panel Base deliver smooth, quiet height adjustment that promotes healthier work habits without compromising design.

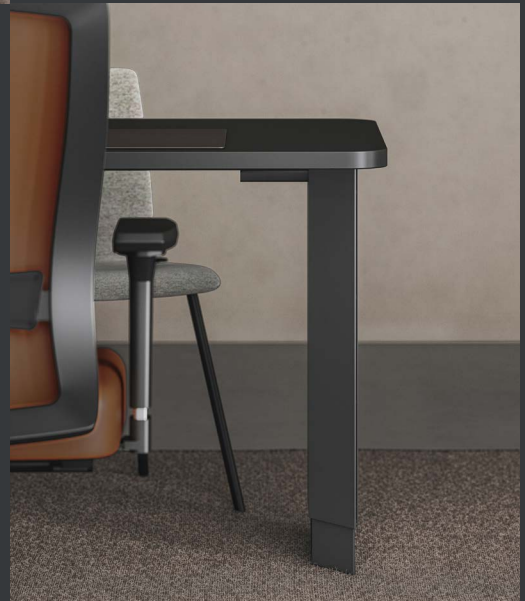

Metal Base & Black Paint

A POLISHED APPEARANCE
Radius corners on both exterior and interior worksurface edges. (note: square corners are used where leg meets wall and the return.)

Creates a cleaner, softer, and more refined workstation profile.

Smooth curves on both the exterior corners and interior curvilinear worksurface create a cohesive, polished appearance that feels lighter, more inviting, and architectural.
