

CALIBRATE® SERIES

Reception Stations

AIS

WE'VE GOT YOUR RECEPTION STATIONS COVERED

The Calibrate Series Reception Stations expand this popular line of laminate solutions, making it easy to keep design continuity throughout your organization. Specify the same finish from reception, to open plan offices, to private spaces and into meeting areas for a unified look. Consider using a Corian® stack-on at reception to make a statement. With our wide variety of finishes and hardware options you can create exactly what you need. Calibrate Series Reception stations are available with countertops or 28" high stack-ons.

Laminates

The Calibrate Series features a wide range of finishes—expanding your design possibilities and ensuring you can create just the space you need.

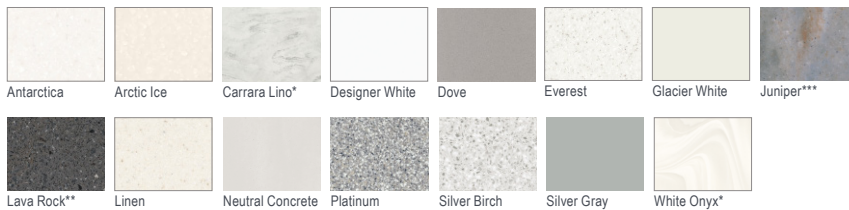

Please see pricelist to understand grain direction.

Corian Solid Surfaces Options

Consider specifying one of our many Corian finishes in grades A-D for your reception station's transaction counter or stack-on unit. It's easy to scale up your reception and make a lasting impression.

Directional Corian finishes will run horizontally.
