Chelsea Task Chair Installation Instructions

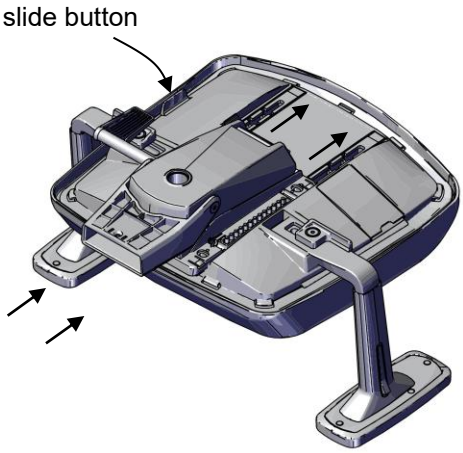

Step 1a (install mechanism): Identify mounting slots, on the bottom of the seat, where the mechanism will sit.

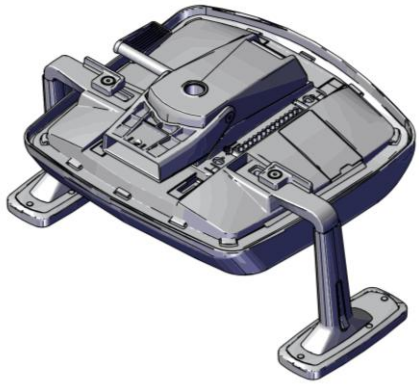

Step 1b (install mechanism): Align (4) tabs on the mechanism with the slots on the seat bottom, making sure the tail piece of the mechanism is positioned toward the back of the seat.

Step 1c (install mechanism): Pull slide seat button and slide the mechanism forward, until it sits flush.

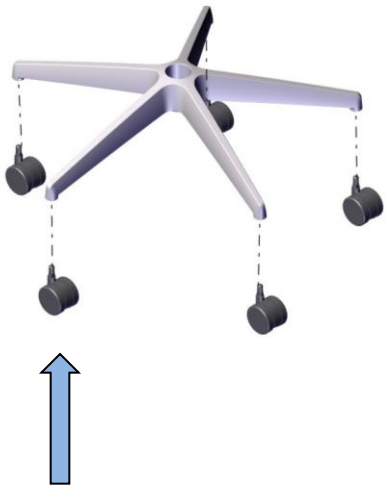

Step 1d (install mechanism): Release the seat slide button and confirm the mechanism is aligned, fully seated and the handle moves freely.

Chelsea Task Chair Installation Instructions

Step 2: Install 5 casters into base.

Step 3: Install cylinder into base.

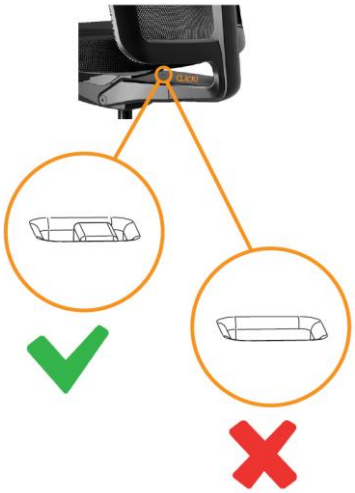

Step 4: Install seat onto cylinder.

Step 5: Click back into mechanism.

Note: Make sure the back has fully clicked into place.

Tip: Slide seat to most forward position for easier installation.
